## THE SOCIETY'S MAGAZINE

The magazine *Around & About Horsley*, is published four times a year. These seasonal issues cover articles on local history and notable people, commissioned articles, a letters page and a variety of village events. For contact details, please see our website: [www.hcps.online](http://www.hcps.online)

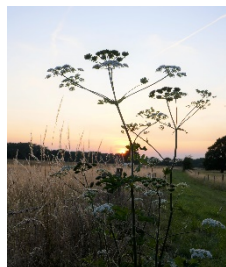

There is also coverage of the two amateur dramatic groups, WHIPS & NOMADS and a listing of forthcoming events held by local clubs and other groups in the village. Naturally, the magazine contains a number of advertisers who generously support the Society each year who are listed in the index for your hour of need. For advertising contact details please see our website; [www.hcps.online](http://www.hcps.online)

## ABOUT THE SOCIETY

THE SOCIETY is an independent organisation promoting the positive enjoyment and care of the Horsley villages for those who live, work in, or visit the area. The Society encourages people to explore and learn about the special qualities and distinctiveness of the area.

In 1956 a public enquiry was held into planning proposals for a large development just south of the current East Horsley village. This extensive residential development would have decimated the slopes of the Surrey Hills between Greendene and Chalk Lane.

Today we have the support of the East and West Horsley Neighbourhood Plans that gained the Borough Council's approval in 2018, following local village referendums to agree their aims and needs.

We can now review planning application with some confidence that we reflect not only the planning requirements but also the aims of our fellow villagers in terms of design character, density, historical context, street scene, landscape use and the sustainability of proposed development.

East and West Horsley have retained many of their ancient medieval buildings and open rural setting. The schools and the sports and social facilities create a lively, active community within a historic, beautiful and ecologically rich environment which the residents enjoy and greatly value.

## WHAT WE OFFER

For our members, we offer a programme of talks, visits and short walks. All of these are designed to increase the understanding and awareness of our members and their guests of the special landscape and features which characterise the villages.

For the wider public, we provide information about the Horsley villages through our presence at a large number of Shows and Events. We are also a point of contact to learn more about the area, its special attributes, recreational opportunities and places to visit.

For related organisations within the area, we provide a point of contact and through our networks, the opportunity for hands-on volunteering and communication to enhance all our activities.

### ❖ Talks

The Society holds two meetings a year for members and their friends to which a specialist guest speaker is invited.

### ❖ Walks

We have four interesting guided walks a year to coincide with each of the seasons.

### ❖ Email Groups

There is an email group hosted by yahoo which aims to keep members informed of local activities such as Society meetings and planning matters.

### ❖ Website

The Society has an informative website with links to social media which is aimed to keep all those who live and work in the Horsleys informed; [www.hcps.online](http://www.hcps.online) to keep in touch.

## OUR COMMITTEE

Our Committee is involved in delivering the Society's aims and objectives. Committee members are committed to delivering their chosen aspect of the Society's activity. Their interests and responsibilities and contact details are given in our website; [www.hcps.online](http://www.hcps.online). All our Committee members are unpaid volunteers and their roles are:

- |                                      |                                     |

| <input type="checkbox"/> Advertising | <input type="checkbox"/> Events     |

The Society is not a lobbying organisation but, where appropriate, for example planning issues are passed to our Planning Secretary. In cases where an adverse development lies within the villages or is of a scale that would likely harm the setting of the Horsleys we will respond accordingly.

However, the most effective response is that of personal letters or emails that are sent directly to the Borough Council and where necessary contact with local and larger pressure groups.

The Society is affiliated with other organisations such as; Campaign for the Protection of Rural England, CPRE, Surrey Wildlife Trust, SWT, and the Surrey Hills Society, SHS.
